

Santa Cruz Police Department

Annual Military Equipment Report

2025 Report

OVERVIEW

California State Assembly Bill (AB) 481, effective January 1, 2022, establishes requirements for the funding, acquisition, and use of items deemed “military equipment” (Gov’t Code § 7070(c)) in law enforcement and state agencies. The bill’s intent installs enforceable safeguards, including transparency, accountability, and oversight to protect the public’s welfare, safety, civil rights, and civil liberties. AB 481 requires law enforcement agencies to obtain approval from their governing body via ordinance adopting a military equipment use policy prior to purchasing, raising funds for, or acquiring military equipment. Gov’t Code § 7071(a)(1).

On May 10, 2022, the City of Santa Cruz City Council adopted Santa Cruz Municipal Code Chapter 9.90, approving the military equipment use policy set forth in Santa Cruz Police Department Policy 705. Pursuant to AB 481, the Santa Cruz Police Department (“Department”) will publish an annual report for each type of military equipment approved by the Santa Cruz City Council within one year of approval and annually thereafter for as long as the military equipment is available for use. Gov’t Code § 7072(a). The annual military equipment report must include the following information for the immediately preceding calendar year for each type of military equipment:

- (1) A summary of how the military equipment was used and the purpose of its use.
- (2) A summary of any complaints or concerns received concerning the military equipment.
- (3) The results of any internal audits, information about violations of the military equipment use policy, and any actions taken in response.
- (4) The total annual cost for each type of military equipment, including acquisition, personnel, training, transportation, maintenance, storage, upgrade, and other ongoing costs, and from what source funds will be provided for the military equipment in the calendar year following submission of the annual military equipment report.
- (5) The quantity possessed for each type of military equipment.
- (6) If the law enforcement agency intends to acquire additional military equipment in the next year, the quantity sought for each type of military equipment.

Within 30 days of submitting and publicly releasing the annual military equipment report, the Department will hold a well/publicized and conveniently located community engagement meeting. Gov’t Code § 7072(b). The community engagement meeting will allow the public to discuss and ask questions regarding the annual military equipment report and the law enforcement agency’s funding, acquisition, or use of military equipment.

This Annual Report provides available data for each type of military equipment approved by the Santa Cruz City Council for the 2025 calendar year (January 1, 2025 - December 31, 2025). Consistent with Government Code section 7071(d)(1), the Department finds that the equipment listed in this Annual Report is necessary and there is no reasonable alternative to achieve the same officer and civilian safety; Department Policy 705 includes strict safeguards to protect public welfare, safety, civil rights, and civil liberties; the equipment contained in this Annual Report and proposed additional purchases, are reasonably cost-effective compared to available alternatives; and, all prior use has complied with Department Policy 705 that was in effect at the time of said use.

Santa Cruz Police Department Annual Military Equipment Report 2025 Report

CATEGORY 1 / Robot

Inventory

Recon Robotics “Throw bot”; Quantity: 1
 Recon Robotics “Throw bot II”; Quantity: 1
 Robotex AVITAR II; Quantity: 0 (the Department has access to two AVITAR II robots maintained by the Santa Cruz Sheriff’s Office)

Use Reporting

Use Number	Date	Incident Type	Agency Assist?	Use Summary	Complaint Summary	Audit
1	2/2/25	Training	N/A	Throw bot II used during Emergency Services Unit training.	N/A	N/A
2	6/24/25	Training	N/A	Throw bot II used during Emergency Services Unit training.	N/A	N/A
3	11/5/25	Training	N/A	Throw bot II used during Emergency Service Unit tactical Team training.	N/A	N/A

Intended Acquisition in 2026

The Department does not intend to acquire additional robots in 2026.

Total Annual Cost

Training personnel costs (\$8,404).
 No annual cost to the Department for the Robotex AVITAR II.
 Annual costs for personnel, transportation, and storage are absorbed into the Department’s operating budget.
