

2026/2027 SCHOOL NEWS

4/5TH GRADE TOURS

Go beyond the blue bin. Grow your knowledge on where all the items you throw 'away' or place in the recycle cart go after collection. Join us for a 90-min classroom session and field trip to the City's Resource Recovery Facility. Participants will learn about the 6 R's. Refuse, Rethink, Reduce, Reuse, Recycle, and Rot. Students must be at least 8 years of age. Transportation may be available.

POSTER CONTEST

Students have an opportunity to creatively express recycling of bottles and cans through art! All students in the City of Santa Cruz (Public and private K-12) are invited to participate. One winner will be chosen from each : Elementary, Middle , and High School. Winning posters will be enlarged and showcased on our City trucks.

SCHOOL ASSEMBLIES OR CLASSROOM VISITS

Visits are free and tailored to meet the needs of each class, topics may include sustainability, waste audits, recycling education, food waste reduction, home composting, paper making or sustainable art project, and help with getting your schools Green Team started.
