STATEMENT OF SPECIAL INSPECTION FORM

This Statement of Special Inspections is submitted in fulfillment of the requirements of CBC Sections 1704 and 1705. Special Inspections and Testing will be performed in accordance with the approved plans and specifications, this statement and CBC Sections 1704, 1705, 1706, 1707, and 1708.

The attached Summary of Special Inspections summarizes the Special Inspections and tests required. Special Inspectors will refer to the approved plans and specifications for detailed special inspection requirements.

Any additional tests and inspections required by the approved plans and specifications will also be performed.

BEFORE A PERMIT CAN BE ISSUED

The Registered Design Professional in Responsible Charge advises the owner or their representative to complete the attached forms and have all parties sign the required documents prior to submittal to the Building & Safety Division for review. All signatures required on page 2 shall be provided as a condition of acceptance of the Special Inspection Forms and approval of the permit application.

REVIEWERS & PLAN CHECK CONSULTANTS
Verify the signatures on pages 2 and 6 are complete prior to acceptance of Special Inspection forms.

809 Center Street, Room 101, Santa Cruz, CA 95060 | 831-420-5120 | permits@santacruzca.gov

Project Address: _____ Permit Application # _____

The Owner and their General Contractor where applicable, shall acknowledge the following conditions applicable to Special Inspection and/or Testing.

1. The Owner recognizes their obligation to ensure that the construction complies with the approved permit documents and to implement this program of special inspections.
2. The Contractor is responsible for proper and timely notification to the Special Inspection Agency for items listed.
3. Only the authorized Special Inspection Agency shall take samples and transport them to their laboratory.
4. Copies of all laboratory reports and inspections are to be sent directly to this Division and to the Registered Design Professional in Responsible Charge by the Special Inspection Agency on a weekly basis.
5. Special Inspection Agency to submit names and qualifications of on-site Special Inspectors to this Division for approval. Submission of qualifications is not required when the agency utilizes the inspectors who are pre-approved by the City. See list attached.
6. The Special Inspection Agency shall issue each Special Inspector with an identification badge that indicates the following:
 - a. Name of Inspector
 - b. Photo of Inspector
 - c. The specific areas in which the inspector is qualified to inspect
 - d. An authorization signature by the Registered Engineer who is a full-time employee of the agency
7. The Special Inspector shall display their badge whenever performing the function of an inspector.
8. The Special Inspector is responsible to the Chief Building Official for immediate notification of any concerns and/or problems encountered.
9. The Special Inspector shall use only Building Division approved drawings.
10. It is the responsibility of the Contractor to review the Building Division approved plans for additional inspection or testing requirements that may be noted. A pre-construction conference at the job site is recommended to review special inspection procedures.
11. BEFORE AN OCCUPANCY PERMIT CAN BE ISSUED: A Final Report of Special Inspections documenting required Special Inspections, testing and correction of any discrepancies noted in the inspections shall be submitted prior to issuance of a Certificate of Use and Occupancy (Section 1704.2.4). The Final Report shall document:
 - a. Special inspections required
 - b. Correction of discrepancies noted in inspections
12. A Copy of final report is to be maintained at the job site for Building Inspector's review prior to final inspections.

SEISMIC AND WIND RESISTANCE

Seismic Requirements(Section 1705.12)

Description of seismic-force-resisting system and designated seismic systems subject to special inspections in accordance with Section 1705.12:

The extent of the seismic-force-resisting system and designated seismic systems is defined in more detail in the construction documents.

Wind Requirements (Section 1705.11)

Description of main wind-force-resisting system and designated wind resisting components subject to special inspections in accordance with Section 1705.11.3:

The extent of the main wind-force-resisting system and wind resistance components is defined in more detail in the construction documents.

CONTRACTOR'S STATEMENT OF RESPONSIBILITY

Per Section 1704.4 of the 2016 California Building Code, the Contractor responsible for the construction of a main wind or seismic force resisting system, designated seismic system or a wind or seismic resisting component listed in the Summary of Special Inspections (structural tests and inspection schedule and as noted on the Building Division approved plans) shall submit a written statement of responsibility to the Building Official and the Owner prior to the commencement of work on the system or component.

To comply with the requirements of Section 1704.4, the Contractor acknowledges the following:

1. The Contractor is aware of the special requirements contained in the Summary of Special Inspections (structural tests and inspection schedule and as noted on the Building Division approved plans) prepared by the Engineer of Record or the Registered Design Professional per the requirements of Section 1704 of the 2019 CBC.
2. Control will be exercised to obtain conformance with the construction documents approved by the Building Official.
3. The Contractor has procedures for exercising control within the contractor's organization, the method and frequency of reporting, and the distribution of the reports.
4. Provide a brief description of the procedure:

5. The Contractor has the qualified personnel to exercise such control. Specify the name(s) of the person(s) exercising such control and a brief description of their qualifications:

ACKNOWLEDGEMENT
